

# Our Lady of the Presentation Early Childhood Center

<b>Family Involvement Commitment</b>
--------------------------------------

We, \_\_\_\_\_, hereby agree to the following family involvement commitments as stated below:

- Become partners in the educational process (e.g. attending family-teacher conference, etc.).
- Engage children in learning at home (e.g. relating projects within the classroom to home experiences, exploring family activities that interest your child, etc.).
- Maintain frequent two-way communication with your child's teacher.
- Assist in activities at the Center as is appropriate and as time allows. (e.g. serving on a committee, assisting in the classrooms with projects, participating in events, etc.).
- Become involved in the ongoing life of the school. (e.g. participating in school events, such as educational workshops, potlucks, workdays, orientation, etc.).

I understand that the early years are a vital developmental process of my child(ren)'s lives. By creating a partnership between the OLP ECC and families, we can collaborate in creating the best possible environment for the children.
