

Pre-K Weekly News

April 19-23

Dear Parents,

It is hard to believe that we are near the end of April. We have been so busy learning about "Life-Cycles" and "Living Things" this month. We have quite a bit going on!! We are currently growing and observing plants. In our classroom, we have caterpillars growing and we are learning about the life-cycle of butterflies. We also have a frog habitat full of tadpoles next door in Ms. Jenn's class that we are also observing and learning about!! This week we will also be very busy with Earth Day activities on Wednesday and our field trip on Friday. I am also working on recognizing our own address and home phone numbers with the children. I am impressed how most of us can recognize and even recite at least one or the other. A few of the boys and girls already know both..... wow! We will also make analog clocks out of paper plates to practice telling time to the hour. I am bringing a digital clock to school to practice with. We will learn about the -an word family this week. Some example words would be: can, fan, man, pan, ran, tan. We are continuing to review the uppercase letters this week as well. We have Mass on Wednesday at 8:15.

Reminders: Earth Day Celebration: Wednesday April 21-
Activities will begin at @ 10:00.

Field Trip: Friday April 23: Please have your child here at school by 9:00, as we leave promptly at 9:30. Also, have them

wear their yellow Presentation ECC t-shirts and bring a sack lunch to eat that day. We are scheduled to arrive back at Presentation @ 12:30.

THANK YOU to everyone that has made a donation to either our classroom or to the center this year!!

Please e mail or talk to me if you have any questions!!

Have a lovely week!!!

Sincerely,

Miss Linda
