

You Light Up My Life!

December Newsletter

November went really well, we discovered many new activities the children have enjoyed. During December we will continue to build on the children's interests, especially music. We appreciate the family involvement we have had and encourage you to let us know if you notice your child becoming interested in any specific activities, so we can introduce them in the classroom too. We are also going to continue to work on using our utensils at meal times and cleaning up. As the cold weather gets worse we will be outside less and less, so we will be doing more small group movement activities inside. Thank you for working so closely with us while all of us have been sick over the past few weeks. Please remember that our goal is to keep all of our children and ourselves well, so we can fully enjoy all of our fun activities.

Important Dates to Remember:

December 8th: Center closed

December 24th-25th: Center closed

December 25th: Christmas

Abby Eisenmenger's 2!

**Happy Birthday
Abby!!!!**

Special Thanks:

Thank you to all the parents that made our Thanksgiving feast possible!

Welcome

Jordyn
