

Hello,

My name is Scheryl Stubbs. I'd like to tell you a little bit about myself. I grew up in South Kansas City and moved here to Lee's Summit when I married my high school sweetheart 16 years ago this October. We have a wonderful 13 year old son that is active in scouts, and soccer which keeps his father and myself very occupied. We also have a cat and two very spoiled 3lb. Yorkie puppies. As a family in our free time we enjoy camping, fishing and just spending time together. In what free time I take for myself I enjoy scrap booking, reading, jewelry making, arts and crafts of all kinds and collecting anything related to Yorkies.

I graduated from UMKC with a bachelors degree in elementary education with an emphasis in early childhood. I am currently certified in the state of Missouri to teach children age birth to grade 6. Since my graduation I have taught children in various settings from public schools, to private, and day cares with a variety of aged children. This will be my 3rd year as a teacher here at Presentation.

My goal as your child's teacher is to encourage social growth, strengthen fine, gross motor and verbal skills and to support their growing independence. They are so fun, full of questions and eager to learn at this age. I am looking

forward to getting to know each child and your family throughout this year.

Sincerely,
Mrs. Scheryl
