

A Little About Me

Hello!

My name is Ms. Denise but if you are viewing this bio, you found the Parish web site, the Early Childhood Center page and found the staff listing and selected my name.

Well, since you have made all those discoveries let me take a little time and introduce myself. I grew up and went to school in Lee's Summit. I attended college at Central Missouri State University earning two degrees, one in Early Childhood Education and the other in Elementary Education.

I have worked for Our Lady of The Presentation Preschool since 1992. I've worked in the extended care program and have had a classroom teacher role at every age level from two's through pre-k during my career. These days I'm a T.A., Substitute, Office Help, all around Utility Player - okay, they haven't asked me to cook yet, and that is a blessing in disguise - trust me!

I currently live in Greenwood and am single. I don't really have a hobby unless you consider thinking up fun activities to do with classes on the spur of the moment when duty calls and packing them in my back pack. It's always good to be prepared and or have a back-up plan.

I enjoy my job and it is good to see the old familiar faces. I am looking forward to meeting and getting to know the new members of our preschool family. I'll see you around.

Ms. Denise
