

Hello, My name is Gina Kuwata. I have a wonderful family. My husband's name is Seiji and we have three children. Seiji II and Matt are my stepsons and they are both off at college. Cameron is 9 years old and is in the fourth grade. We enjoy going on family adventures and every summer we travel to either Florida or Santa Fe, New Mexico to see family.

I spent 15 years with Hallmark Cards Inc. working with the corporate stores and in the Keepsake Ornament Business Unit. I loved my career with Hallmark. I left 8 years ago to spend more time with the boys. While they were in school I worked part-time at Ingenious Toy Store. I had the opportunity to plan all the store events and realized I have a passion for working with children. When the store closed I taught at a local preschool for two years and last year I worked with the Kindergarteners at Trailridge Elementary.

This year I am thrilled to be working at The Lady Of The Presentation Early Childhood Center. All the little faces in the building make me smile and everyday is a delight watching each child learn through exploration and play. I get at least one laugh a day from something one of our children said and I leave each day knowing I have made a difference in a child's life.

I am looking forward to a great year and meeting more parents and children.
