

Hello, everyone!

My name is Laney Briggs, I have been with Our Lady of the Presentation for a little over 2 and ½ years. This year I will be a teacher's aide. It's been fun getting to know all the children in the school and remembering everyone's name. I'm thankful to already know some of you! I am even more impressed now, knowing that Cathy, Heather, Kristie and Joy know not only the children's names but all the parents as well.

I like children; I think they are funny, sweet and very honest. I consider it a privilege to be part of the team of people you have entrusted to care for them. I have a Bachelor's Degree in Psychology, love to people watch, anything to do with arts/crafts and books.
