New High School:

Results from last year's survey indicated the need for a new high school in our area.

The land that was originally slotted for the location of the new high school (I-70) will not be the area they will be pursuing for the new school.

It was determined that there is a need for a new high school in the 470 Corridor.

An optimistic time frame for the completion of the school is within the next 2-5 years.

Steve Hilliard requested that a representative from our parish/school sit on the development committee. It was recommended that Jason Jonas be our representative. Father will be contacted Jason. Meetings will begin Nov 2010 and continue until the first quarter of 2011.
