

Welcome to our Library!!!

My name is Janice Drake and I am very excited to be the Librarian at Presentation. My husband Tim and I have 4 children at Presentation; Zach is an 8th grader, Michael is a 7th grader, Andrew is a 5th grader, and Jenna is a 2nd grader. Before having children, I taught for 8 years, in the Olathe School District. I had always hoped to get back into education and last year I was blessed to have the opportunity to become Presentation's Librarian. I am so excited that this opportunity has come my way.

Thanks to the generous donors to Fund-A-Need, we have had an extreme makeover during the summer!! The library has a fresh coat of paint, shiny floors, new library shelving, books, rugs, projector, screen, document camera, new seating, and the Destiny program. I am so excited that students and parents will be able to access our Library's catalog, from home, with the click of a mouse. Our library currently has 16,741 titles of books, DVD's, VHS, and Reference Materials. We have a total of 22,138 copies of those titles. We also have 6,901 Accelerated Reader tests. I will continue to update our library with the most up-to-date titles and Accelerated Reader tests. I hope that my excitement about books will help encourage our students to become excited about reading and also to become lifelong readers. I love reading books of all genres and encouraging kids to get excited about reading.

I look forward to seeing your children in the library,
reading **LOTS** of books!!!
