

I am very excited to be teaching your children this year! This is my fourteenth year teaching kindergarten at Presentation. I graduated in 1992 from Northeast Missouri State with my BS in English and in 1993 with a Masters in Elementary Education. I grew up in St. Louis and have lived in Kansas City for 17 years (so don't ever ask me for directions).

My husband Bob and I have three girls, all attending Presentation. Maggie is a freshman at O'Hara High School, Libby is in fifth and the youngest, Patti is in third. We currently belong to the St. Bernadette Parish in Raytown, teach marriage prep class here at Presentation and are active with the Knights of Columbus Council #4962.

It is a pleasure to be teaching these children in such a wonderful environment. I am very passionate about keeping your children excited about learning and becoming life long learners. I am proud to work in a Catholic school and believe our Catholic faith is a part of everything we do, far beyond

Religion class. I hope to teach your children that Jesus is their best friend, but that friendship comes with great responsibility, which we will put into practice every day. I look forward to working with you and your children.
