

About Me

Bienvenidos

This will be my 7th year at OLP. I have enjoyed teaching Middle School Spanish. It is always fun to have eager students. On a personal note, I fell in love with Spanish as a sixth grade student. I was lucky enough to be an exchange student in Costa Rica and return to study at MU, where I earned a Bachelor's degree in Spanish. I also worked for General Electric and lived in Mexico City. I find my training skills translate well in the classroom.

I have two daughters. Danielle is a Senior at Lee's Summit North and Brooke is a 7th grader here at Presentation.

Please feel free to contact me if you have any questions throughout the year. E-mail is the best option. lmemoly@presentation-parish.org
